

Vacancy - Telecom Consultant

Job type: 32-40 hours per week

Work experience: 2-5 years

Travel: Required <25%, but more if you want!

Location: Emmapark 14, The Hague, The Netherlands

Position Description

As Telecom Consultant at NTCS you will work on interesting projects in the Caribbean (such as Aruba, Belize, Bonaire, Curacao, St. Maarten, St. Eustatius and Suriname) and Latin America, primarily with small telecom operators. You will collaborate across borders, work directly with clients, solve real-world challenges, and build lasting relationships. Engaging with diverse cultures, you will gain valuable cross-cultural experience. You will work on projects that directly shape the telecom landscapes. From optimizing networks, improving customer journeys, digitalizing or transforming the company, your contributions will make a real difference.

Key Responsibilities

Engage in consulting assignments, offering expert advice and support to our global clients.

Develop analytical reports and presentations to support decision-making processes for our clients.

Assist in the creation and refinement of proposals, leveraging strong presentation skills and proficiency in PowerPoint.

Conduct international market analysis and provide insights into the telecom sector.

Provide logistic support for meetings with clients.

In Practice

You define and set-up a transformation program to improve financial results and customer satisfaction of a telecom operator in the Caribbean. After doing so, you will manage the implementation and execute the program with a multi-disciplinary team of NTCS consultants.

You organise a work visit to The Netherlands for the CEO and CFO of a Caribbean telecom operator and find and invite speakers from Dutch companies to discuss the corporate strategy.

You search for the right experts to support the digitalization of a telecom operator in Latin America, partly remote, partly onsite. You use your network to find the perfect match.

Requirements

- 2-5 years of experience in consulting and/or the telecom industry
- Willingness to work internationally and travel
- Strong interpersonal skills for effective collaboration with diverse teams and clients
- Experience with preparing presentations in PowerPoint and analysis in Excel or other tools
- Creativity and growth-oriented mindset
- Fluent in English; proficiency in Dutch, Spanish, French or Papiamentu is a plus

Company Description

NTCS is an entrepreneurial consulting firm specializing in the dynamic telecommunications and energy markets in tropical countries, especially the Caribbean and Latin America. Most of our clients are small telecom operators with whom we have a deep and long-lasting relation and whom we support with consulting, interim management, recruitment and client visits. We have the ambition to further support our existing clients and to find and build relations with new clients in the Caribbean, Latin America, and new (tropical) markets. We embrace creativity and encourage fresh ideas. Your voice matters here. Our dynamic team is based upon collaboration, growth, enjoying what we do, and a positive mindset.

How to apply?

Interested? We invite you to submit your resume, along with a cover letter detailing your motivation, experience and interest in the telecom industry, to maarten.smetsers@ntcs.nl. Please reference “Consultant - Telecom” in the subject line. *Women are especially encouraged to apply.*
